

Saint Project

On November 1st Catholics celebrate All Saints Day. In religion class we learned that saints are people who followed God and lived lives of holiness. Each student has been assigned a saint to research. They will then create and present a poster about them to the class. We have introduced and started the project in class. Every student will receive a summary of their saint as a starting point, but the project will primarily be completed at home.

Due: All posters are due Tuesday, November 15, 2022.

Presentations will be Tuesday and Wednesday (11/15 - 11/16)

Research: Due Wednesday November 2, 2022 - show me your graphic organizer on or before this day with research and I will give you the poster board (OR you can provide your own)

- Use books, the internet, or the summary provided to find facts about your saint
 - Remember to use your own words and not copy exactly what's in front of you, especially if you're not sure what all the words mean
- Use the graphic organizer to gather information about your saint, including:
 - Their name
 - What they are the patron saint of and their symbols (if they have any)
 - Their feast day, birthday, and date of death
 - It's okay if some saints only have the year or century of their birth or death
 - Interesting facts (at least 2)
 - Draw a picture in the tall rectangle (You will be allowed to print a picture for the poster if you choose)
- Then on the back add details about their life, including:
 - Where they are from/where they lived
 - What they known for
 - What they did that helped other people
 - What made them become a saint
 - Other information that you learn

Poster

- Poster board (provided unless you choose otherwise)
- The poster must include:
 - Student's name
 - Saint's name
 - Picture or drawing of saint
 - Feast date
 - At least 5 facts about the saint
 - Why you admire your saint
 - One question you would ask your saint if you met them

Student Name: _____

Assigned Saint: _____

Due Date: November 15, 2022
